University Overview	Located on a scenic campus in the center of the United States, the University of Kansas (KU) is a comprehensive research and teaching university with nearly 200 undergraduate majors. The university earns excellent ratings in the top college guides. KU is an AAU university, placing it among the top 70 research institutions in the US. For more than a decade, the Fiske Guide to Colleges has awarded KU four-star ratings in all categories – academics, quality of living, and social life. KU is famous for the natural beauty of its campus, the high quality of its academic programs, reasonable cost, and diverse cultural and recreational opportunities.
Number of Students	KU has nearly 30,000 students that come from every state in the U.S. and 110 countries in every region of the world.

Graduate requirements for waiver	
Internet-based TOEFL	Minimum score of 23 on each section
IELTS	Overall band score of 6.5 with a minimum of 6 on each section
Academics	
Course Information/ Areas of Study	With nearly 200 fields of study, there are course offerings for a wide variety of academic disciplines. To find out more about classes, please visit the following link: http://www.ku.edu/academics/
Restricted courses	Athletic Training, Law, Medicine
Enrollment	Exchange students are not able to enroll until they have completed the English Proficiency Test (or had it waived) and scheduled their orientation health appointment, however, students will submit course request questionnaires after acceptance via their JayhawksAbroad account. The Study Abroad and Global Engagement office will then work with the academic departments to obtain any necessary permissions ahead of time if possible. Students will receive enrollment instructions from Kaitlyn Johnson once they are cleared to enroll.
Course Requests	Course requests are not guaranteed therefore students must select at least 2 alternates. In cases where prerequisites are listed, it is important that students have the appropriate background for the course. Please note: Courses tend to be similar from fall to fall and spring to spring so if the term that you will be attending is not listed yet, please view the previous term. Fall classes typically post in mid-March and Spring classes typically post in mid-October. You can search for classes on the class schedule found at: www.classes.ku.edu
Understanding the Schedule of Classes	When searching for classes, class days will be indicated by M (Monday), T (Tuesday), W (Wednesday), Th (Thursday), and F (Friday) and each will have a 5 digit Class # that you will need to enter when submitting your course requests. Most classes will be offered at the Lawrence campus, however, KU does have other campus locations (KU Med, Edwards, and Regents campuses) so be sure to select courses with "Lawrence" listed after them. Please note that some classes consist of a large lecture AND an accompanying lab or discussion section (indicated by LAB OR DIS) on the schedule. When selecting a class in this format, you must select the lecture as well as a LAB OR DIS section. Some departments offer Independent Study credit and/or research credit. These courses are typically not available for exchange students.
Credit Hours	Undergraduate students must enroll in 12-15 credits (usually equivalent to 4 or 5 classes) Graduate students must enroll in 9-12 credits (usually equivalent to 3-4 classes) Students are limited to one online course per semester. If the online course includes an additional fee, the student is responsible for this fee. Students taking more than 15 hours will be responsible for those tuition and fees. <i>Please note that many Applied English Center (AEC) classes are 6.5 credits each</i>

Predeparture, Arrival, & Accommodations	
Pre-Departure, Arrival, and Orientation Information	All new incoming international students are required to participate in the mandatory International Support Services "You at KU" orientation program. The orientation program is conducted by International Support Services (ISS) and includes an introduction to university facilities, introduction to resources and policies, student life at KU and in the US, safety information and course enrollment sessions. Orientation will also include English Language proficiency testing and mandatory immigration document check-ins. Orientation also provides students with shuttled shopping excursions, social activities, and most meals throughout orientation. Useful advice and information that will help you prepare for your travel and arrival can be found at: www.iss.ku.edu/newly-admitted-orientation
Arrival/Report Date	If using a DS-2019 issued by the University of Kansas to enter the U.S., you must report to KU. You are expected to arrive no later than the Program Start Date indicated on your DS-2019 (in section 3). If you must arrive later, please contact Study Abroad & Global Engagement (osaexchange@ku.edu) and the Document Specialist (issdocs@ku.edu) in International Support Services as soon as you are aware to ensure that your DS 2019 has the appropriate start date listed on it.
On-Campus Accommodations	Exchange students typically opt to live in either on-campus apartments or residence halls. You will be responsible for arranging your own housing during the duration of your time at KU. Students are encouraged to contract as soon as possible once admitted (after receiving your KUID number) in order to have access to the greatest range of options. Please note that once you contract, cancellation fees apply. You can explore on-campus housing options at: www.housing.ku.edu
On-Campus Accommodation Options	Jayhawker Towers, Stouffer Apartments, and McCarthy Hall Apartments Four-person and two-person apartments are available. Each one includes 2 bedrooms, a living room, full bath, and kitchenette with a stove, oven, and refrigerator. The bedrooms are furnished with beds, desks and chairs, and closets with a dresser. Students have the option of purchasing a meal plan but it is not required since there is kitchen access. The buildings remain open during breaks therefore the contracts include break housing so students living there may stay at no additional cost. Residence Halls Traditional dormitory-style living which typically have two-three students per room. Certain residence halls such as Oswald, Self, and Lewis, are open to freshmen only whereas GSP, Corbin, Hashinger, & Oliver are open to students of all levels. Students are required to purchase a dining plan since there is no kitchen access. Residence halls stay open during all university breaks except for Winter Break. Students wishing to stay on-campus over Winter Break must sign up for winter break housing and pay a fee.
KU Dining Plan Options	www.union.ku.edu/dining-plans
Off-Campus Accommodations	The majority of exchange students choose to live on-campus for convenience and because it is challenging to find furnished apartments with short-term leases, however, exchange students occasionally choose to live off-campus. All off-campus housing arrangements are the responsibility of the student. Naismith Hall A privately owned residence-hall-style option that is adjacent to campus that has also been popular with exchange students. If you are coming for just one semester, please be sure to specify this with the staff to ensure that a single semester contract is a possibility. For more information visit: www.naismithhall.com
Orientation Accommodations	Students will either have the option of moving into their on-campus housing early for an additional nightly fee or signing up for special orientation housing. This is highly recommended as you will be very busy during orientation and transportation is typically provided from these locations. Again, it is advised that you arrive on the arrival date specified by the ISS Office as the campus will be very quiet beforehand. Detailed orientation information will be provided as soon as it is available.
Tuition & Fees	
Division of Fees	Tuition and Course Fees, Technology Fee, International Student Service fee, Infrastructure Fee, and Campus Fee will be covered by Study Abroad and Global Engagement. Campus fees fund access to recreation and fitness center, on-campus bus system, library and software resources, health center and student events. Exchange students will be responsible for housing and meals (unless a Tsuda or ISEP student), KUID card (\$21), Orientation Fees (\$265), ISS Check-In Fee (\$40), and the required health insurance (subject to change but currently \$1050 per semester). These will be billed after you have arrived on campus and enrolled in your classes. Costs are estimated and can change.
Required Health Insurance	All exchange students will automatically be enrolled in and charged the mandatory health insurance plan through United Healthcare unless granted a waiver through the ISS Office. The cost for the 2022 academic year is \$1050 per semester and subject to change.
	To apply for the waiver, you must submit the Waiver Request Form by the first day of class and provide documentation showing that you are covered by an insurance plan, which meets the specified minimum requirements. Please note that students coming for the full academic year must apply for the waiver at the beginning of each semester. Learn more about the minimum requirements and waiver process at: www.iss.ku.edu/waivers
