

UCR-KU Course Equivalency Log

updated 7/15/24

Credit allotment is subject to the discretion of the department study abroad advisor. These equivalencies have been assigned over the years and the list is not intended to be a complete list of courses offered at UCR, nor does it indicate which courses will be offered during specific semesters. It should be used as a guide in course selection and an aid in establishing course equivalents. Course approvals over five years old will need reapproval. The only courses on this list that have automatic approval are the courses highlighted in orange. All KU degree-seeking students must get all other courses approved by the appropriate advisors. Students are not limited to the courses below; view the Schedule of Classes for the full course list at UCR and to see what semester(s) courses are typically offered. For courses that have more than one KU equivalent, the first course will be posted unless the student requests otherwise to KU Study Abroad.
