

Three Steps to Select Classes at Lahti University of Applied Sciences

1. Look at Lahti's list of classes at:

<http://www.lamk.fi/english/exchange-students/studies-for-exchange-students/Sivut/default.aspx>

The courses listed from this link will all be available in English. Divide the number of ECTS credits in half to determine the equivalent number of KU credits. A normal full load at Lahti is 30 ECTS credits which is the equivalent of 15 Kansas credits.

2. Learn how Lahti classes have transferred in the past at:

**"Lahti Course Equivalencies" link on our Lahti page at
studyabroad.ku.edu/lahti-university-applied-sciences-finland**

Bear in mind that this list does not grant automatic approval for you. You will need to get all of your proposed Lahti classes approved for yourself. Classes may only be offered once each academic year, so be sure to check the Lahti course catalog to make sure a class you like on the list is available during the semester you are studying abroad. The equivalency list is NOT A COMPLETE LIST of what you could take at Lahti University of Applied Sciences. It is only a list of what KU students have gotten approved in the past.

If a class you found on the equivalency list is not in Lahti's course catalogue, that course is either not being offered or is unavailable to study abroad students.

3. Bring course descriptions and/or syllabi for the Lahti classes you are interested in taking to the relevant KU faculty study abroad advisor. A list of these advisors can be found at:

<https://ku.studioabroad.com/?go=FacultyDeptAdvisorList>

Some advisors may require that you schedule an appointment. Some may need a few days to review your materials. Please start making arrangements to get modules approved as soon as you can, as the process can take some time. Be sure to bring along a copy of your KU advising report to assist the advisor. Be familiar with your degree's requirements. The more prepared you are for meeting with an advisor, the easier it will be for the advisor to assist you.

The form that needs to be completed by the advisor is part of the KU on-line study abroad application. Copies can also be obtained from the OSA front desk. Ask for the Academic Plan and Approval Form.

It is always a good idea to get two or three alternate classes approved. Occasionally there can be courses that are cancelled just before the start of a semester, so you may encounter a timetable gap or clash upon your arrival in Lahti. Having some alternate classes already approved will make your Lahti course registration process much less stressful for you.
